

PSYCHPRO

Terms of Service

Effective date: June 2026 Last updated: June 2026

These Terms of Service (“Terms”) govern your access to and use of the PsychPro website, applications, and related services (collectively, the “Service”) provided by PsychPro (“PsychPro,” “we,” “us,” or “our”). PsychPro is a study platform for neuroscience and neuropsychology learners.

Please read these Terms carefully. By accessing or using the Service, you agree to be bound by these Terms and by our Privacy Policy. If you do not agree, do not use the Service.

1. Eligibility and Accounts

You must be at least the age of majority in your jurisdiction, or have permission from a parent, guardian, or supervising institution where permitted, to use the Service. By using the Service, you represent that you meet these requirements.

You are responsible for the activity that occurs under your account and for keeping your account credentials secure. You agree to provide accurate information and to keep it up to date. Notify us promptly of any unauthorized use of your account.

2. The Service

PsychPro provides study tools, including topic content, flashcards, quizzes, study guides, practice exams, progress tracking, and, for eligible plans, AI-assisted tools that generate study materials from content you provide. We may add, modify, or remove features from time to time.

2.1 Educational Use Only — Not Professional Advice

PsychPro is an educational study tool. Content available through the Service, including AI-generated materials, is provided for general learning and study purposes only. It is not medical, psychological, clinical, diagnostic, legal, or other professional advice, and must not be relied upon as a substitute for the judgment of a qualified professional or for formal academic or clinical instruction. You are solely responsible for how you use the materials.

2.2 AI-Generated Content

Certain features use third-party artificial intelligence to generate study materials based on content you upload or paste. AI-generated output may contain inaccuracies, omissions, or errors and should be independently verified. You are responsible for reviewing AI-generated materials before relying on them.

3. Subscriptions, Plans, and Payment

PsychPro offers a free tier and paid subscription tiers (Master and Scholar). Paid plans provide access to additional features and are billed on a recurring monthly or annual basis through our third-party payment processor.

- **Billing** — By subscribing, you authorize us and our payment processor to charge your selected payment method on a recurring basis until you cancel.
- **Renewal** — Subscriptions renew automatically at the end of each billing period unless cancelled before the renewal date.
- **Cancellation** — You may cancel at any time through the billing portal. Cancellation stops future charges; access to paid features generally continues until the end of the current billing period.
- **Price changes** — We may change subscription prices. We will provide notice of changes, which will apply to subsequent billing periods.
- **Refunds** — Except where required by applicable law, payments are non-refundable.

Current subscription prices are set out below. Prices are in U.S. dollars and exclude any applicable taxes.

- **PsychPro Master** — \$9.99 per month, or \$79.99 per year (billed annually).
- **PsychPro Scholar** — \$19.99 per month, or \$159.99 per year (billed annually).

Annual plans are offered at a discount relative to twelve months at the monthly rate. We may update these prices as described above; the prices applicable to you are those displayed at the time of purchase or renewal.

4. User Content

“User Content” means any content you upload, paste, submit, or otherwise make available through the Service, including study materials, profile information, and feedback.

4.1 Ownership and License

You retain ownership of your User Content. You grant PsychPro a limited, non-exclusive, worldwide, royalty-free license to host, store, reproduce, and process your User Content solely to operate and provide the Service to you, including transmitting relevant portions to our AI provider to generate the materials you request.

4.2 Your Responsibilities

You represent that you have the rights necessary to submit your User Content and that it does not infringe the rights of others or violate any law. Do not upload content that is unlawful, infringing, confidential without authorization, or that you are not permitted to share.

4.3 We Use Your Content Only With Your Permission

PsychPro accesses and uses your User Content only as needed to provide the Service to you and only for the purposes you authorize when you use a feature. For example, when you upload

or paste source material to generate study tools, you are directing us to process that material for that purpose. We do not use your User Content to train third-party AI models, do not sell it, and do not use it for unrelated purposes, except as required by law or as otherwise described in these Terms and our Privacy Policy. You may stop this processing at any time by ceasing to use the relevant feature, and you may request deletion of your User Content as described in our Privacy Policy. The permission you grant us in Section 4.1 ends when your User Content is deleted, except for residual copies retained for a limited period in routine backups or as required by law.

4.4 We Are Not Responsible for User Content

User Content is the sole responsibility of the person who submitted it. PsychPro does not create, endorse, verify, or take ownership of User Content, and we are not responsible or liable for it, including for its accuracy, legality, or whether the person who submitted it had the right to do so. We do not routinely monitor User Content, but we may review, remove, or disable access to any User Content that we believe, in our reasonable discretion, infringes the rights of others, violates these Terms or applicable law, or is otherwise objectionable. By using the Service, you acknowledge that you may encounter User Content submitted by others and that you use it at your own risk.

5. Acceptable Use

You agree not to:

- Use the Service for any unlawful purpose or in violation of these Terms.
- Attempt to gain unauthorized access to the Service, other accounts, or our systems.
- Interfere with, disrupt, or place an unreasonable load on the Service, including through automated scraping or excessive requests.
- Reverse engineer, copy, or resell the Service except as permitted by law.
- Upload malicious code or content that is harmful, harassing, hateful, or infringing.
- Misuse community or networking features, including unsolicited or abusive contact with other members.

6. Community and Networking Features

Optional community features, such as connection suggestions and email introductions, operate on a double opt-in basis and are controlled by your profile preferences. When you participate, you agree to interact respectfully and lawfully. We may suspend or remove access to these features for conduct that violates these Terms. For details on how related information is handled, see our Privacy Policy.

7. Intellectual Property

The Service, including its software, source code, design, text, graphics, logos, the PsychPro name and marks, and built-in study content (excluding User Content), is owned by PsychPro or

its licensors and is protected by copyright, trademark, and other intellectual property laws. These are and remain the exclusive property of PsychPro and its licensors. We grant you a limited, non-exclusive, non-transferable, revocable license to access and use the Service for your personal, non-commercial study use, subject to these Terms. You may not copy, reproduce, distribute, modify, create derivative works from, publicly display, sell, or otherwise exploit any part of the Service or its content without our prior written permission. All rights not expressly granted are reserved.

8. Copyright Complaints (DMCA)

We respect the intellectual property rights of others and expect our users to do the same. We respond to notices of alleged copyright infringement that comply with the U.S. Digital Millennium Copyright Act (DMCA). If you believe that content available through the Service infringes a copyright you own or control, you may send a written notice to our designated agent that includes the following:

- A physical or electronic signature of the copyright owner or a person authorized to act on their behalf.
- Identification of the copyrighted work claimed to have been infringed.
- Identification of the material claimed to be infringing and information reasonably sufficient to let us locate it (for example, the URL or a description of where it appears in the Service).
- Your name, mailing address, telephone number, and email address.
- A statement that you have a good-faith belief that the use of the material is not authorized by the copyright owner, its agent, or the law.
- A statement, made under penalty of perjury, that the information in your notice is accurate and that you are the copyright owner or authorized to act on the owner's behalf.

Upon receiving a valid notice, we will remove or disable access to the allegedly infringing material in accordance with the DMCA. We may also remove material and terminate access for users who repeatedly infringe the rights of others. If you believe your material was removed in error, you may submit a counter-notice containing the information required by the DMCA. Notices and counter-notices should be sent to our designated agent:

PsychPro — DMCA Designated Agent

PsychPro is a registered literary work under the Designated Millenium Copyright Act (DMCA).

9. Third-Party Services

The Service relies on third-party providers, including authentication, payment processing, AI generation, hosting, and email delivery. Your use of those features may be subject to the third parties' own terms and policies. We are not responsible for third-party services and do not control their practices.

10. Disclaimers

THE SERVICE IS PROVIDED “AS IS” AND “AS AVAILABLE” WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. WE DO NOT WARRANT THAT THE SERVICE WILL BE UNINTERRUPTED, ERROR-FREE, OR THAT CONTENT, INCLUDING AI-GENERATED CONTENT, WILL BE ACCURATE OR COMPLETE.

11. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, PSYCHPRO AND ITS AFFILIATES, OFFICERS, EMPLOYEES, AND AGENTS WILL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, OR FOR ANY LOSS OF PROFITS, DATA, OR GOODWILL, ARISING OUT OF OR RELATING TO YOUR USE OF THE SERVICE. OUR TOTAL LIABILITY FOR ANY CLAIM RELATING TO THE SERVICE WILL NOT EXCEED THE GREATER OF THE AMOUNTS YOU PAID TO US IN THE TWELVE MONTHS PRECEDING THE CLAIM OR ONE HUNDRED U.S. DOLLARS.

12. Indemnification

You agree to indemnify and hold harmless PsychPro and its affiliates from any claims, damages, liabilities, and expenses (including reasonable legal fees) arising out of your User Content, your use of the Service, or your violation of these Terms or applicable law.

13. Suspension and Termination

We may suspend or terminate your access to the Service at any time if you violate these Terms or if we reasonably believe it is necessary to protect the Service or other users. You may stop using the Service and may request deletion of your account at any time. Provisions that by their nature should survive termination will survive, including ownership, disclaimers, limitations of liability, and indemnification.

14. Changes to These Terms

We may modify these Terms from time to time. When we make material changes, we will update the “Last updated” date and, where appropriate, provide additional notice. Your continued use of the Service after the changes take effect constitutes acceptance of the revised Terms.

15. Governing Law and Dispute Resolution

These Terms are governed by the laws of the United States, without regard to its conflict-of-laws principles. Subject to any binding dispute-resolution mechanism stated below, you and PsychPro agree that any dispute arising out of or relating to these Terms or the Service will be brought exclusively in the state or federal courts, and you consent to the personal jurisdiction of those courts.

16. General

- **Entire agreement** — These Terms and the Privacy Policy constitute the entire agreement between you and PsychPro regarding the Service.
- **Severability** — If any provision is found unenforceable, the remaining provisions remain in effect.
- **No waiver** — Our failure to enforce any provision is not a waiver of our right to do so later.
- **Assignment** — You may not assign these Terms without our consent; we may assign them in connection with a merger, acquisition, or sale of assets.
